I have reconsidered. I will not be on a call or meeting anyone tomorrow regarding DMDA, Moore, and Borders.

As I see it, my client has roughly 54% of the deal and Black Duck/Wright and Terril have plenty of interest to work out a solution. 54% is already not economic for us and we sure aren't giving up any additional interest to try to resolve claims of regarding DMDA, Moore, and Borders.

Last Friday, the Moore lawyers requested to mediate.

Either attend mediation in the next thirty (30) days, or I will advise Bobby of these claims, which I believe will result in him killing operations permanently. You all doing nothing will get the deal killed in my opinion.

TCRG has no obligation to spend money under the circumstances. While these claims are outstanding, I am instructing our team to put their pens and tools down and stand down on all operations until the claims are resolved.

Correction.

TCRG's interest is 84% before payout and 59% after payout. Resolve this
